LOCAL AND OTHERWISE.

Prepare for a jolly time at Highland
on the Fourth.

Geo. V. Warren was in from Lake Valley
during the week.

Mrs. C. McMahon left on Wednesday's
stage for DeLamar.

After a few day's visit in DeLamar, Geo.
Sawyer returned on Saturday's stage.

County Clerk H. J. Goodrich went to De-
Lamar Wednesday for a few days visit.

Charles Turner returned here last Mon-
day after an absence of nearly two years.

Mrs. M. Kelly and Miss Lena Clinton
returned from DeLamar on Saturday's stage.

John Roeder was up from DeLamar the
first of the week and started back Tuesday
afternoon.

There will be good times for everybody
when the intelligence of the country be-
comes equal to its energy.

Work in the Yuba mine has again been
started and the familiar toot of the whistle
is heard once more.

Cattlemen in the surrounding valleys have
been busy the past week delivering cattle
which had been contracted for.

The hoisting machinery at the Burke
mine is being put in proper shape to hoist
a large quantity of high grade ore from the
mine.

A patent has been granted to John R.
Cook on a refrigerator. This is an original
invention of Mr. Cook's and it may reap a
good fortune.

Mrs. L. Wertheimer and two children
arrived here Monday afternoon by private
conveyance. They will visit with relatives
here for some time.

The second trial in the case of Alpheus
Vaughn for the murder of the Litter boy,
has resulted as did the first—in a verdict of
murder in the first degree.

The new mail route from Geyser to
Oscola, was started last Monday by J. A.
Denton. By this system a direct line is
made between Oscola and Pioche.

The Reno Borax Company has shipped
120 tons of borax this season from their
works at Buffalo, in the north-western part
of Washoe county. The borax is hauled by
teams to Humboldt House and shipped
East by rail from that point.

Everything has been arranged for a good
time on the Fourth of July at the Highland
brewery. The committee appointed made
a collection from the merchants and citizens
of the town who contributed liberally. With
the exception of the firm of J. Nesbitt &

arranged and good time promised to all.

"Who weeps with you when you are sad,
and laughs with you when you are glad,
and smiles at you when you are mad? The
editor. Who has to be both kind and wise,
and never, (hardly ever) lies, and when he
does create surprise? The editor. Who
owns a heart as well as cheek, is possessed
of spirit, proud, yet meek, and lives on
forty cents a week? The editor."—Ex.

An important decision has been rendered
by Hoke Smith, Secretary of the Interior,
which is of much interest to many mine
owners in this section and all mining
countries of the United States. It is in re-
lation to obtaining patents for mines.
Heretofore where several claims have been
consolidated and worked together as one
group by the same parties, a total expendi-
ture of \$500 in labor and improvements has
been regarded as sufficient to justify applica-
tion for patent to all the claims in the group.
In the recent ruling the Secretary decides
that the \$500 worth of labor and improve-
ments must be put on each claim in the
group.

Mr. A. T. Page was in town the first
of the week on important business. His
foot that was crushed some time ago has
healed up and is nearly well.

A prominent Nevada stockman ventures
the opinion that the wealthy dealers will
have full beef cattle well in hand and the
result will be high prices.

Too much water is being used about town
for garden purposes. The tanks are lower
than they should be and in all probability
gardening will be curtailed hereafter.

A dozen or more structures have been
planned recently in New York that will
cost more than a million each, and some of
which will be twenty-four stories high.

To-morrow will be the closing day of the
Pioche public school for the term. Both
departments have been run in a very satis-
factory manner this term and the teachers
deserve much credit for the manner in which
the school has been conducted.

The Carson Tribune says that a bicycle
ordinance has been submitted to the trust-
ees by District Attorney McGowan, pro-
viding that at all times wheels shall be pro-
vided with bells or gongs, and between sun-
down and sunrise a lantern and reflector.
Wheelmen must not ride on the sidewalks
and in town a speed above eight miles an
hour will not be allowed.

The Everett mill is now running on rock
from the Hudson Pass discovery, and good
results will no doubt be shown. Prospecting
in the section of country about South
Camp was never more brisker than at pre-
sent. Should one discovery be made,
capital will come and open up lots of pros-
pects that lay idle now.—Virginia Enter-
prise.

The cattle bought last week by Nutter
and Price are for the Strawberry Valley
Cattle Company, and will be driven from
Spring Valley to the Company's ranges in
the eastern part of Utah Territory. The
herd numbered considerably more than
2500 when it left Spring Valley three days
ago. Other deliveries are being made at
Milford from parts hereabouts, for shipment
east. Cattlemen generally announce a
desire to sell out entirely, the experiences of
the past four years having precluded a possi-
bility of profit to them for some time to
come.

The storm wave will reach the Pacific
Coast about the 24th, cross the western
mountain country by the close of the 25th,
great central valleys 26th to the 28th and
eastern states the 29th. This storm will
be preceded by a very warm period, and fol-
lowing it will come very much cooler
weather with a large increase of rain and
good crop growing weather in numerous and
extensive parts of the United States. This
and the preceding storm will be above the
average force and high winds may be ex-
pected. The warm wave will cross the
west of the Rockies country about the 24th,
the great central valleys the 26th and the
eastern states the 27th. A cool wave will
cross the western country about the 27th,
the great central valleys the 29th and the
eastern states July 1st.

Our State University.

Henry Thurtell, professor of mathematics
and mechanics in the Nevada State univer-
sity, says:

"One of the growing institutions of the
country is the university of Nevada. The
state of Nevada to be sure, has a small pop-
ulation, but is possessed of vast resources.
A state university is to a great extent de-
pendent upon the state for its support.
While the support given to the university
of Nevada for the next few years will be
somewhat limited, yet with a corps of about
twenty-five professors they propose to offer
during the coming year, five distinct univer-
sity courses.

"A liberal arts course has been in exist-
ence ever since the foundation of the univer-
sity, about eight years ago. A mining
course, with about twenty-five students, is
in existence at present. A civil engineer-
ing course has been organized, as also a me-
chanical course and an agricultural course.
The normal course has been extended to a
four years term.

"The new dormitories, which are now in
the process of erection, and the generous
policy of the state in furnishing work to
those students who are earning their own
way, will render it possible for any student
with energy and a real thirst for knowledge
to obtain at Reno a college education en-
tirely by his own efforts.

"University extension courses have been
organized in several of the larger towns of
the state, and the benefits of the university
and contact with its president and profes-
sors given to the general public.

"The actual enrollment of students dur-
ing the past year has been upward of 200,
and the influence of a popular president and
a vigorous young faculty will largely in-
crease that number during the next few
years."

of school begins.

The shaft which is being sunk for the pur-

A New York preacher used the following
language in a sermon on the income tax de-
cision: "Think of the spectacle of our
great jurist and legal thinkers degrading the
high intellectual gifts of God to the service
of Mammon. The courtesan of the street
who sells herself for the price of sin is a
vestal virgin compared to the man who, for
a price set their great abilities to perpetuate
the poverty of the poor and relieve the
riches of the rich, of a righteous return to
the government that protects them."

TO THE PUBLIC!

After a business career of
nearly a quarter of a century
in Pioche, I have at last con-
cluded to retire from the
field, which has become too
contracted and dull to sup-
port a first-class hardware
establishment. In order to
close out my remaining stock
as fast as possible, I have re-
duced prices from 10 to 50
per cent below actual cost.
I particularly invite the
trade, merchants and deal-
ers, who may want to add,
or increase their stock with
a desirable line of hardware,
at figures that will satisfy
the closest buyer, anyone in
need of Hardware, Tools,
Cutlery, Fire-arms, Hard-
wood and Wagon Material,
Kitchen and House Furnish-
ing Goods, etc., will find this
a rare opportunity. To
those who owe accounts and
notes, I will say that if they
wish to avoid trouble and
costs, they come forward
within 30 days and pay up,
or make satisfactory arrange-
ment for an extension of
time, this is a final notice to
all without exception.

LEGAL NOTICE.

In the District Court of the Fourth Judicial Dis-
trict, County of Lincoln, State of Nevada.

In the Matter of the Estate of Richard
Gorman, Deceased.

Order to Show Cause Why Order of Sale of Real
Estate Should not be Made.

It appearing to the Judge of said Court, by the
petition this day presented and filed by J. O. Gar-
land, Administrator of the Estate of Richard
Gorman, deceased, praying for an order of sale of
real estate, to pay the charges of Administration:
It is therefore ordered by the Judge of said
Court, that all persons interested in the estate of
said deceased, appear before the said District Court
of the Fourth Judicial District, on Monday the
29th day of April, A. D. 1895, at 10 o'clock in the
forenoon of said day or as soon thereafter as peti-
tioner can be heard, at the court room of said
District Court of the Fourth Judicial District, at
the town of Pioche in said County of Lincoln, to
show cause why an order should not be granted to
the said Administrator to sell so much of the real
estate of the said deceased as shall be necessary:
And that a copy of this order be published at
least four successive weeks in the Pioche Weekly
Record, a newspaper printed and published in
said County.
